

**SOLRIAMFETOL HYDROCHLORIDE tablets (Sunosi® ▼)
for excessive daytime sleepiness in narcolepsy**

The Pan Mersey Area Prescribing Committee does not currently recommend the prescribing of SOLRIAMFETOL HYDROCHLORIDE tablets (Sunosi® ▼) for excessive daytime sleepiness in narcolepsy.

GREY

Solriamfetol hydrochloride is indicated to improve wakefulness and reduce excessive daytime sleepiness in adult patients with narcolepsy (with or without cataplexy).¹

- > This recommendation will be reviewed when the [NICE TA](#) is published.

In the meantime, treatment of excessive daytime sleepiness in narcolepsy should continue to follow local pathways and local formulary choices:

- > Pan Mersey APC Pathway: [NARCOLEPSY University Hospital Aintree Sleep Service Pathway](#) (March 2019)
- > Pan Mersey formulary: [Chapter 4 \(Central nervous system\)](#)
